

Antenatal Clinic Catchment Guidelines

Mater Mothers' Hospital is a private hospital contracted by Queensland Health to conduct an agreed number of public births per year. Due to high demand it is not currently possible to accept routine low risk referrals from outside the catchment area.

Special consideration is made for women requiring tertiary care, Indigenous women, and some women requiring a specialist drug and alcohol service.

The inclusion of information regarding medical and social risk factors will assist with the triaging of your referral. If further information is required please contact Mater Mothers' Hospital's GP Liaison Midwife on telephone 07 3163 1861, mobile 0466 205 710 or email gpliaisonmidwife@mater.org.au.

Please note this is a visual indication of Mater Mothers' Hospital's patient catchment. For a complete list of suburbs and postcodes within the catchment please see over page.
